Dr. Shabnam and Dr. Sabir are the Managing Directors of Shiksha Med. They have been with the organization since it started in 2000 and have more than **26+ years** of experience in medical practice and student counseling. They have guided many students in choosing the right medical career with honest and clear advice.

WHY DO YOU NEED EXPERT NEET COUNSELOR?

NEET UG/PG counseling processes vary across states, each with its own set of criteria, rules, and regulations. The required security deposit also differs, ranging from ₹1 lakh to ₹10 lakh. Even a minor error in counseling can lead to forfeiture of the entire security deposit. Therefore, Shiksha Med carefully considers each student's rank and budget to select a suitable state and manages all situations, including conflicting counseling dates across states, to secure admission in the best possible medical college for the student.

Shiksha Med informs students about every college's fee structure and any hidden charges that exist in some states, providing transparent information. It also shares details about each college's **OPD, ICU**, academic facilities, mess, hostel, and safety conditions during studies.

Shiksha Med offers high-quality study material to help students excel in their medical education and become skilled doctors.

Shiksha Med has 26+ years of experience. Its **founders, Dr. Shabnam and Dr. Sabir**, come from the medical field and are also directors of AI Care Hospital. With this strong background, Shiksha Med plays a significant role in guiding students from admission to becoming successful doctors and settling in their careers.
